(Public Hearing 1-20-04)

TO: Honorable Chairperson Barbara Carey-Shuler, Ed.D.
and Members, Board of County Commissioners

DATE: December 4, 2003

FROM: George M. Burgess
County Manager

SUBJECT: Miller Cove First
Addition Multipurpose
Special Taxing District

BACKGROUND

Commission District:	Eleven
Boundaries:	On the North, S.W. 52 nd Street; On the East, theo. S.W. 163 rd Avenue; On the South, theo. S.W. 54 th Street; On the West, theo. S.W. 164 th Place.
Number of Parcels:	1 (Tentative plat proposes 58 buildable single family lots).
Number of Owners:	1
Number of Owners With Homestead Exemption Signing Petition:	None – The petition was submitted by Homestar at Miller Cove, Inc., the sole property owner and developer.
Preliminary Public Meeting:	None necessary.
Type of Service:	The creation of this district is requested to maintain landscaped swale, a lake (Tract B), its access tract (Tract A) and to comply with Public Works policy. The service to be provided initially consists of the maintenance of turf, trees, shrubs, and lake maintenance. The district will maintain the lake bank abutting public property and will provide for weed control and debris removal.

Required Referendum:

The creation of the district will be subject only to Board of County Commissioners approval; no election will be necessary as 100 percent of the owners signed the petition.

Preliminary Assessment Roll:

Submitted on the same agenda as a separate agenda item for consideration and adoption by the Board of County Commissioners and contingent upon the Board's approval of this district's creation ordinance. The implementation of the assessment roll will be in accordance with the procedures defined in Chapter 18 of the Code.

Estimated Completion:

October 2005.

ECONOMIC/FISCAL/HOUSING COSTS IMPACT ANALYSIS

Creation of this district will result in no immediate economic impact on the County's budget. The creation of this district is required as maintenance could not conveniently be provided by the property owners since the parcels have limited access to the areas to be maintained by the district. Cost savings are realized from processing a district with the developer rather than trying to achieve a consensus from an established community through a special election.

The economic impact on the property owners will be a perpetual annual special assessment for the cost of the maintenance program.

At this time there will be no increase or decrease in County staffing due to this district. Increases in staffing levels, to provide the service requirements created by additional landscape maintenance special taxing districts, may be necessary in the future.

Estimated Initial Billing: November 2005. Assessment billed annually as an itemized portion of the annual tax bill.

	<u>First Year</u>	<u>Second Year</u>
Estimated Total District Cost:	\$12,340	\$7,160
Method Of Apportionment:	Square Footage	

	<u>First Year</u>	<u>Second Year</u>
Estimated Annual Assessments:		
Cost Per Square Foot:	\$0.032	\$0.019
For A Typical Single Family 6,600 Sq. Ft. Lot	\$211.20	\$125.40
For A Typical Single Family 7,017 Sq. Ft. Lot	\$224.54	\$133.32

The annual assessments shown above are representative of costs for typical lots within this district.

State or Federal grants are not applicable to this special taxing district.

Each maintenance special taxing district is unique due to its geographical boundaries, affected property owners, and level of services to be provided. Adoption of a new district to provide this service is the best and most cost-effective method to achieve this benefit.

As required by the provisions of Section 18-3 (c) of the Code, I have reviewed the facts submitted by the Public Works Director and concur with his recommendation that this district be created pursuant to Section 18-22.1 of the Code.

**REPORT AND RECOMMENDATIONS
ON THE CREATION OF MILLER COVE FIRST ADDITION
MULTIPURPOSE SPECIAL TAXING DISTRICT
MIAMI-DADE COUNTY, FLORIDA**

Pursuant to Chapter 18 of the Code, and as a result of a detailed investigation of a duly petitioned for special taxing district, the following facts are hereby submitted concerning the creation of Miller Cove First Addition Multipurpose Special Taxing District.

1. BOUNDARIES OF THIS DISTRICT

The proposed district is located entirely within a portion of unincorporated Miami-Dade County, and the boundaries, as set forth in the petition, are as follows:

A portion of Section 20, Township 54 South, Range 39 East, Miami-Dade County, Florida; being more particularly described as follows:

Tract 54 and the East ½ of Tract 55 of "Miami Everglades Land Co. Ltd." according to the plat thereof, as recorded in Plat Book 2 at Page 3 of the Public Records of Miami-Dade County, Florida; (A.K.A. Miller Cove First Addition, Tentative Plat # T-20795).

The boundaries are shown on the attached plan entitled Miller Cove First Addition Multipurpose Special Taxing District and hereinafter referred to as Exhibit A.

2. LOCATION AND DESCRIPTION OF THIS DISTRICT

The creation of this district is requested to provide the services specified below regarding maintenance of one (1) lake, its access tract and adjacent swale area. The service to be provided under the district will consist initially of a maintenance program to maintain turf, trees, shrubs and a lake. The maintenance of one (1) lake (Tract B), and its access tract (Tract A), is to include weed control, debris removal and lake bank maintenance that abuts public property.

Service will commence at the earliest practicable time following the creation and establishment of the district and will be provided initially by the Miami-Dade County Park and Recreation Department using the most effective and efficient means available.

3. ESTIMATED COST FOR THIS DISTRICT

The proposed district is to be created initially to provide maintenance as described in Item 2 above. An increase in future landscape maintenance functions may be recommended by a majority of the property owners for consideration by Miami-Dade County as administrator. The deletion of services is subject to maintaining a minimum level of services as determined by the Miami-Dade County Public Works Department. The expense of the landscape maintenance program will be continuous. However, because cost and/or level of maintenance may increase, the estimated annual expense, as indicated herein, can only be based on the initial maintenance program. The cost of the maintenance program will therefore require adjustment annually through the budget process performed by the Park and Recreation Department or the Public Works Department as administrator of the district.

The County may elect, due to the location and type of maintenance required, to provide landscape maintenance services utilizing an open contract for swale maintenance when significant service cost savings can be realized.

A cost estimate developed by the Public Works Department, based on estimates previously provided by the Park and Recreation Department for similar maintenance taxing districts, indicates the annual cost for the initial maintenance program to be \$5,800 for the first and second years. In addition to that cost, it will be necessary for the County to recover the administrative, processing, billing, and advertising costs incurred in establishing and maintaining the district as provided by Chapter 18 of the Code, as well as provide for contingency and discount costs. This cost is estimated to be \$6,540 the first year and \$1,360 the second year. An annual meeting will be conducted with the owners of real property within the district as an integral part of the annual budget process. This will enable Miami-Dade County, as administrator, to secure suggestions from affected community representatives or association to improve delivery and lower costs of the services

provided within the scope of the district's authorized functions as specified in Item 2 above, and to determine the following:

1. Level of service;
2. Areas to be maintained;
3. Approximate effect on cost and rate of assessment for any changes.

Miami-Dade County shall determine the minimum service level (property owners may not delete maintenance altogether).

ESTIMATED ANNUAL COSTS

	<u>First Year</u>	<u>Second Year</u>
Initial Annual Maintenance	\$5,800	5,800
Administrative, Processing, Billing and Advertising Costs	4,930	1,020
Contingency/Discount	<u>1,610</u>	<u>340</u>
Total Estimated Cost to District	\$12,340	\$7,160

The above costs are estimated and will be adjusted annually based on actual experience.

4. CONFORMITY TO THE MASTER PLAN OF MIAMI-DADE COUNTY

The proposed district conforms to and in no way conflicts with the Comprehensive Development Master Plan of Miami-Dade County (see attached memorandum from the Department of Planning and Zoning).

5. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS DISTRICT

The proposed maintenance program is desirable, needed and, in my opinion, provides special benefits to property within the district exceeding the amount of special assessment to be levied.

13

6. **ESTIMATE OF ASSESSMENT AGAINST BENEFITED PROPERTY**

The combined cost of the maintenance program, processing and administrative expenses as shown in Item 3 above is to be paid for by special assessments levied against all benefited properties and is to be apportioned to individual properties within the district on the basis of lot or parcel square footage. The cost per assessable square foot to be assessed for this service is estimated as follows:

	<u>First Year</u>	<u>Second Year</u>
Estimated Total District Cost	\$12,340	\$7,160
Estimated Total Assessable Property Square Footage	380,000	380,000
Estimated Cost Per Square Foot of Property	\$0.032	\$0.019

SAMPLE ASSESSMENTS

Per Year For A 6,600 Sq. Ft. Lot	\$211.20	\$125.40
Per Year For A 7,017 Sq. Ft. Lot	\$224.54	\$133.32

The annual assessments shown above are representative of costs for typical lots within this district. These costs are based on the above estimated total assessable property square footage and will be adjusted from actual experience.

7. **RECOMMENDATION**

I recommend that this district be created pursuant to Section 18-22.1 of the Code, as 100% of the property owners have signed the petition and no referendum is required. I also recommend that the County Attorney cause to be prepared an ordinance authorizing the creation of the Miller Cove First Addition Multipurpose Special Taxing District. Pursuant to Section 18-22.1 of the Code, the Board shall receive and hear, at a public hearing, remarks by interested persons on this district, and thereafter may adopt such

ordinance. Following adoption of the creation ordinance, it is further recommended that the Board adopt the district's Preliminary Assessment Roll Resolution. Adoption of this resolution will enable the Miami-Dade County Tax Collector to provide the funding necessary to reimburse affected County Agencies involved in the creation and establishment of this district, as well as operate and maintain this district. In the event actual costs are lower than the costs estimated, the Director of the Public Works Department or his designee shall adjust and decrease the square foot rate of assessment. In the event actual costs are higher than those estimated in the ordinance, the County Manager may, at his discretion, cause to be prepared a revised preliminary assessment roll and file the same with the Clerk of the Board for a scheduled public hearing to adopt the revised assessment roll. The ordinance creating the district shall take effect ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, it shall become effective only upon an override by the Board. My office will also be available to answer any questions from the public or your office in regard to the financial and/or engineering facts of this project. We further recommend that the County Manager forward this report to the Board of County Commissioners after he has reviewed it and concurred with our findings.

Section: As Required
District: As Required
Council: As Required

Effective September 5, 2001, all tentative plats in the unincorporated area of Miami-Dade County submitted to the Land Development Division of the Public Works Department, must be accompanied by a properly executed petition for all applicable special taxing districts including, but not limited to street lights, maintenance of landscape, walls adjacent to double frontage lots, entrance features and lakes. Final Plats will not be presented to the Board of County Commissioners for consideration until the applicable special taxing districts are created, and all fees have been paid. In that regard, to ensure expeditious processing, this Memorandum may serve as approval for certain future special taxing district application requests as being consistent with the intent and purpose of the adopted 2005-2015 Comprehensive Development Master Plan (CDMP). Policy 4A – Capital Improvement Element states: Appropriate funding mechanisms will be adopted and applied by Miami-Dade County in order to assure the fiscal resources to maintain acceptable levels of service. Such funding mechanisms include special tax districts, municipal taxing service units, local option taxes, user fees, local gas tax, general obligation bond, impact fees, and special purpose authorities, or others as appropriate and feasible (Adopted Components as Amended through April 2001, page LX-10). The provision for services over and above minimum for neighborhoods and communities may be accomplished through the special taxing district as may be prescribed by the code.

The Department of Planning and Zoning (DP&Z) has no objection to a blanket approval with condition to establish future special taxing districts as limited to requests for street lighting, landscape maintenance, walls adjacent to double-frontage lots and lake maintenance districts. The previously noted special taxing districts may be established on the condition that the DP&Z review all landscape maintenance districts for compliance with plantings in public rights-of-way and lake maintenance districts for consistency with Landscape Code (Chapter 18A) Section 18A-6(L) Storm Water Retention/Detention Areas.
